## Ret. Police Officer Charles Pagani & Family

Our retired Emergency Service Unit brother **P.O. Charles Pagani** and his family need our help. P.O. Pagani retired in 1986 after 13 years of service when he suffered a career-ending injury while attempting to rescue a child.

Throughout the several health challenges he has faced during retirement, his wife **Myra Pagani** has been his primary caregiver. Now Myra is facing a health battle of her own and is in desperate need of an **Rh-Negative Kidney Donor**.

P.O. Pagani's family, including a niece and a nephew who are both NYPD detectives, are reaching out to the **#BlueFamily** for help.

If you believe you could help our brother's family with a life-saving kidney donation, visit Kidneys for Communities to learn more:
